

**COMSTOCK FILMS OFFERS A NEW VISION OF COUPLES' SEXUALITY IN THIS GROUNDBREAKING SERIES OF EXPLICIT DOCUMENTARY-STYLE FEATURES OF REAL-LIFE LOVERS.**

Barely out of their teens when they got together, Matt and Khym spent many years generously taking care of others instead of concentrating on themselves. Now in their thirties, Matt and Khym are taking the time to rediscover the joys of married life and married sex.

"The film doesn't set out to create a fantasy; it's the eroticism of everyday life that *Matt & Khym* is after, and it gets hold of it with wet, hot, cuddly abandon, and never lets go."—Thomas S. Roche, *Eros Guide to Erotica*

"I want more, more! I wish I could find more films like this, and I'm looking forward to future films from this smart indy company."—Violet Blue, author of *The Ultimate Guide To Adult Videos*
