FROM THE AWARD-WINNING DIRECTOR OF 'DAMON AND HUNTER: DOING IT TOGETHER'

ASHLEY AND KISHA

— FINDING THE RIGHT FIT —

"Just about the sweetest thing I've ever seen. Their story resonated with memories from my younger days when I was coming out. And during the sex, the connection between Ashley and Kisha is so completely visible; there's no doubt that they're totally in love. Tony Comstock is able to translate the passion of the couples he films to the screen like no one else."—Shine Louise Houston, Director of *The Crash Pad*
