

**COMSTOCK FILMS OFFERS A NEW VISION OF COUPLES' SEXUALITY IN THIS GROUNDBREAKING SERIES OF EXPLICIT DOCUMENTARY-STYLE FEATURES OF REAL-LIFE LOVERS.**

Xana is blonde, blue-eyed, and buxom. Dax is dark and lean. She's an experienced woman who knows what she likes; he's young and eager to learn. Now you can get to know this exuberant husband and wife in a uniquely intimate way.

*Xana And Dax: When Opposites Attract* has a feeling of openness, expansiveness. There's no doubt that Xana and Dax are putting on a show for each other (they say as much) but they're also putting on a show for us; and in both cases it's clearly a performance they're thrilled to be giving. They're utterly unabashed in the carnality of their love for each other, and eager to share that love with us.

"Director Tony Comstock shows what it looks like when two people who are in love have sex. It's beautiful—the antithesis of shapeless, boring porn in which everyone is just going through the motions."—Oprah Winfrey's *O' Magazine*
